

Environmental Protection Agency

Pt. 60, Subpt. DDDD, Table 3

[Date to be specified in state plan]<sup>b</sup>

| For the air pollutant | You must meet this emission limitation <sup>a</sup> | Using this averaging time | And determining compliance using this method |
|-----------------------|-----------------------------------------------------|---------------------------|----------------------------------------------|
| *                     | *                                                   | *                         | *                                            |

<sup>b</sup>The date specified in the state plan can be no later than 3 years after the effective date of approval of a revised state plan or March 21, 2016.

<sup>c</sup>Incorporated by reference, *see* § 60.17.

TABLE 3 TO SUBPART DDDD OF PART 60—MODEL RULE—OPERATING LIMITS FOR WET SCRUBBERS

| For these operating parameters                                     | You must establish these operating limits | And monitor using these minimum frequencies |                      |                                                                                      |
|--------------------------------------------------------------------|-------------------------------------------|---------------------------------------------|----------------------|--------------------------------------------------------------------------------------|
|                                                                    |                                           | Data measurement                            | Data recording       | Averaging time                                                                       |
| Charge rate .....                                                  | Maximum charge rate.                      | Continuous .....                            | Every hour .....     | Daily (batch units). 3-hour rolling (continuous and intermittent units) <sup>a</sup> |
| Pressure drop across the wet scrubber or amperage to wet scrubber. | Minimum pressure drop or amperage.        | Continuous .....                            | Every 15 minutes ... | 3-hour rolling <sup>a</sup>                                                          |
| Scrubber liquor flow rate.                                         | Minimum flow rate ..                      | Continuous .....                            | Every 15 minutes ... | 3-hour rolling <sup>a</sup>                                                          |
| Scrubber liquor pH                                                 | Minimum pH .....                          | Continuous .....                            | Every 15 minutes ... | 3-hour rolling <sup>a</sup>                                                          |

<sup>a</sup>Calculated each hour as the average of the previous 3 operating hours.
